

California Regional Water Quality Control Board
North Coast Region

Order No. 98-129
Recision of Cleanup And Abatement Order No. 96-18

for

The Dharma Realm Buddhist Association
City of Ten Thousand Buddhas

Mendocino County

The California Regional Water Quality Control Board, North Coast Region (hereinafter the Regional Water Board), finds that:

1. On February 26, 1996, the Regional Water Board issued Cleanup and Abatement Order No. 96-18 requiring the Dharma Realm Buddhist Association, City of Ten Thousand Buddhas cleanup and abate the effects of discharges and threatened discharges in violation of Waste Discharge Requirements Order No. 86-50.
2. On September 5, 1998, discharges to the old wastewater treatment and disposal facilities ceased and wastewaters generated at the City of Ten Thousand Buddhas are now disposed via a new multiple septic tank/leachfield disposal system.
3. Because discharges of waste to the old wastewater treatment and disposal facilities have ceased and with the completion of the new multiple septic tank/leachfield disposal systems, compliance with Cleanup and Abatement Order No. 96-18 has been achieved.

THEREFORE, IT IS HEREBY ORDERED that, Cleanup and Abatement Order No. 96-18 be rescinded.
